**Adirondack Mountain Tree Seed.** At Upper Jay, N. Y., just about 12 miles from Lake Placid, we operate our own seed extraction plant. Every year we collect there thousands of bushels of cones of White, Red, Pitch, Banks Scots Pine; Norway, White, Red and Black Spruce; Balsam Fir, Tamarack, Am. Arborvitae, Hemlock and Red Oak acorns and Butternuts. Our Plant is the only one in the area. We are proud of it and welcome visitors.

**Adirondack Mt. Pitch Pine** *P. rigida* is a straight upright tree to 80 ft. and not to be confused with the scrub type (*P. rigida serotina*) found along the Atlantic seashore.

New customers are invited to open charge accounts. Credit references will be appreciated.

# Palm Seed

In presenting PALM SEEDS listed below we have followed "Standardized Plant Names" wherever possible. Varieties marked "\*", however, are not listed there. The seed we are offering comes from many parts of the world. In some countries different names and authorities are used. Even growers working with actual plants have difficulty with identification and nomenclature, and therefore decline all responsibility. We are working with serious-minded, sincere collectors but because of the great confusion in the Palm genera must make the same reservation.

Crops permitting we are stocking in New York seed of the following:

<b>Sparkling Gems mixed</b>	A complete mixture of all our F-1 multifloras made up of over 20 carefully matched separately grown lines.

## PETUNIA F1 Hybrids—Continued

### Large flowered or Grandiflora Types

All are 100% grandifloras. You will find this list of grandifloras the dwarfest and most compact grown. Like in the case of our multifloras most resist both stem rot and botrytis.

<b>August Moon</b>	Fringed 3½" deep scarlet red flowers, compact 10" uniform plants.
<b>Big Red</b>	Plain Edged 3½" deep scarlet red. Finest yet in Red Satin color.
<b>Canton Blue</b>	Deeper blue than Blue Magic, dwarf plant habit, flowers beautifully waved.
<b>China Night</b>	Fringed 3" clear steel blue flowers with heavier veining.
<b>Fujiama Glory</b>	Semi fringed bicolor blooms reasonably well defined scarlet and white. Dwarf and large flowering.
<b>Imperial Pink</b>	Fringed large salmon pink. Very strong hybrid vigor.
<b>Lotus White</b>	A very large flowered waved, pure white. In our opinion the very best grown.
<b>Madam Butterfly</b>	Fringed 3½" blush pink with dainty rose veins.
<b>Manchu</b>	Plain edged strong flowers with Tango-like color.
<b>Mikado</b>	3" waved flowers of white marked rich blue. One of our most popular bicolored varieties.
<b>Nagoya Beauty</b>	Waved Prima Donna like rich rose flowers of excellent size. Extremely dwarf.
<b>Pagoda</b>	Compare with Maytime. Flowers 3½" large beautiful salmon pink. So compact plants grow only 8" high and are covered with blooms till frost.
<b>Pekin Scarlet</b>	Still one of the best salmon scarlets. Our Big Red offered the first time this year should be tried.
<b>Rising Sun</b>	Beautiful clear pink 3" flowers on 9" compact plants. Very resistant to unfavorable weather.
<b>Valentine</b>	Carmine rose 3" flowers. Compact 8" plants. One of the best.
<b>White Fringe</b>	The best fringed large flowered white we have seen. Very early flowering.
<b>Brilliant Gems mixed</b>	Choicest waved and fringed separate colors blended to perfection. The best mixture yet.
